SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Level 1	Level 1	Level 1

Folsom Dam – cofferdam leak, Folsom, Sacramento County

- On 01/20/16 at 0726 hours, the California State Warning Center (CSWC) received a report indicating that there was a leak at the cofferdam at Folsom Dam.
- Per the Department of Water Resources (DWR), the only anticipated impacts would be to water and water quality; there are no inundation concerns downstream.
- Per the Cal OES Fire Duty Officer (FDO):
 - As of 2025 hours on 01/20/16, all equipment has been removed from the potential flood site.
 - Hazmat is no longer an issue and fire resources have been released.
- Per the Cal OES Inland Region Duty Officer (IDO):
 - As of 2154 hours, 01/20/16, Sacramento County OES personnel have demobilized from the scene.
 - The cofferdam is still standing, however, it is continuing to leak.
- Per the DWR Flood Operations Center:
 - If the cofferdam fails, the water behind it will be captured by Folsom Dam and there is no threat for flooding.
 - The Folsom Dam Auxiliary Spillway Project is a multi-agency project and the partners include U.S Bureau of Reclamation (USBR), USACE, DWR, and the Sacramento Area Flood Control Agency (SAFCA). Per USBR, the coffer dam was scheduled for removal around 02/06/16.
- Cal OES Duty Officers are monitoring and will provide updates as they become available.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Active Weather Warnings, Watches and Advisories by County:

WEATHER

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

REGIONAL WINTER WEATHER SUMMARY

Cal OES Statewide Weather Briefing through 01/24/16

- Today will be mostly dry across the state except for far Northern California, but no significant impacts expected.
- Another storm will move across the state tonight through Friday with the potential for more enhanced impacts than Tuesday's storm.
 - A bit more flooding is possible across the far northern portions including the coastal areas similar to what was observed on Sunday, 01/17/16.
 - Additional river rises likely but river flooding is not expected.
- Lingering showers on Saturday but dry conditions Sunday into next week.
- Far Southern California to remain dry through the entire week.

REGIONAL WINTER WEATHER SUMMARY

COASTAL REGION

North Coast

- Multiple storm systems are predicted to impact northwestern California with the next [beginning late tonight into Friday](#).
- Rock and mudslides are possible along highways and county roads with the coming storm.
- Snowfall totals of 3 to 6 inches are possible over the Trinity Alps early Friday with another 4 to 8 inches possible Friday night and Saturday locally higher amounts.

Lake County

- Low potential for Flash flooding and/or rock/debris flows.

SF/Monterey Bay Areas

- [By Saturday, many urban spots will have between 1/2" and 1.25" with coastal ranges generally in the 2-4" range with locally higher amounts.](#)
- [Most North Bay communities will be in the 1-2" range.](#)
- King Tide conditions will occur around San Francisco Bay beginning around 0946 hours on Friday.
- Another very high tide will occur on Saturday at 1030 hours.
- These high tidal amounts will lead to some coastal flooding.

REGIONAL WINTER WEATHER SUMMARY

INLAND REGION

Shasta Valley and Northeastern California to Warner Mountains

- Light precipitation is expected today with less than .10" expected.

Eastern Sierras/Tahoe Basin

- The storm system is expected to reach the Sierra region [by late tonight](#).
- Snow levels Friday: 5000-6000 feet.
- Snow levels Friday night & Saturday: 4000-5000 feet.
- Snow totals generally 1-2 feet, locally up to 3 feet over higher peaks.
- Winds in the valleys are likely to be gusting in the 30 to 50 mph range with 80 to 100 mph gusts across Sierra ridges.

Sacramento and San Joaquin Valleys

- A new storm system is approaching the area on Friday and can be expected to be as wet or wetter than Tuesday's storm.
- [San Joaquin Valley rain will range from half an inch to up to a quarter inch](#).
- Foothill rain totals: [up to 2 inches](#) and locally up to 4 inches.

REGIONAL WINTER WEATHER SUMMARY

SOUTHERN REGION

South Coast

- The marine layer will become quite shallow tonight and again tonight, creating the potential for dense fog over portions of the south coast.

Southern Sierras

- Precipitation from the next storm system is expected to arrive by Friday afternoon into Saturday evening.
- Up to 1 foot of snow is expected above 7000 feet in the Yosemite area and Tulare County mountains.

SIGNIFICANT WATCHES AND WARNINGS

COASTAL REGION

- No current watches or warnings.

INLAND REGION

- Winter Storm Watch in effect from 01/22/16 at 0400 hours to 01/23/16 1600 hours for portions of Alpine, Amador, Butte, Calaveras, El Dorado, Nevada, Plumas, Shasta, Sierra, Tehama, Tuolumne, and Yuba Counties.

SOUTHERN REGION

- No current watches or warnings.

RIVER FORECASTS

As of 0950 hours on 01/21/16:

COASTAL REGION

- Eel River at Fernbridge is currently above monitor stage (Humboldt County)

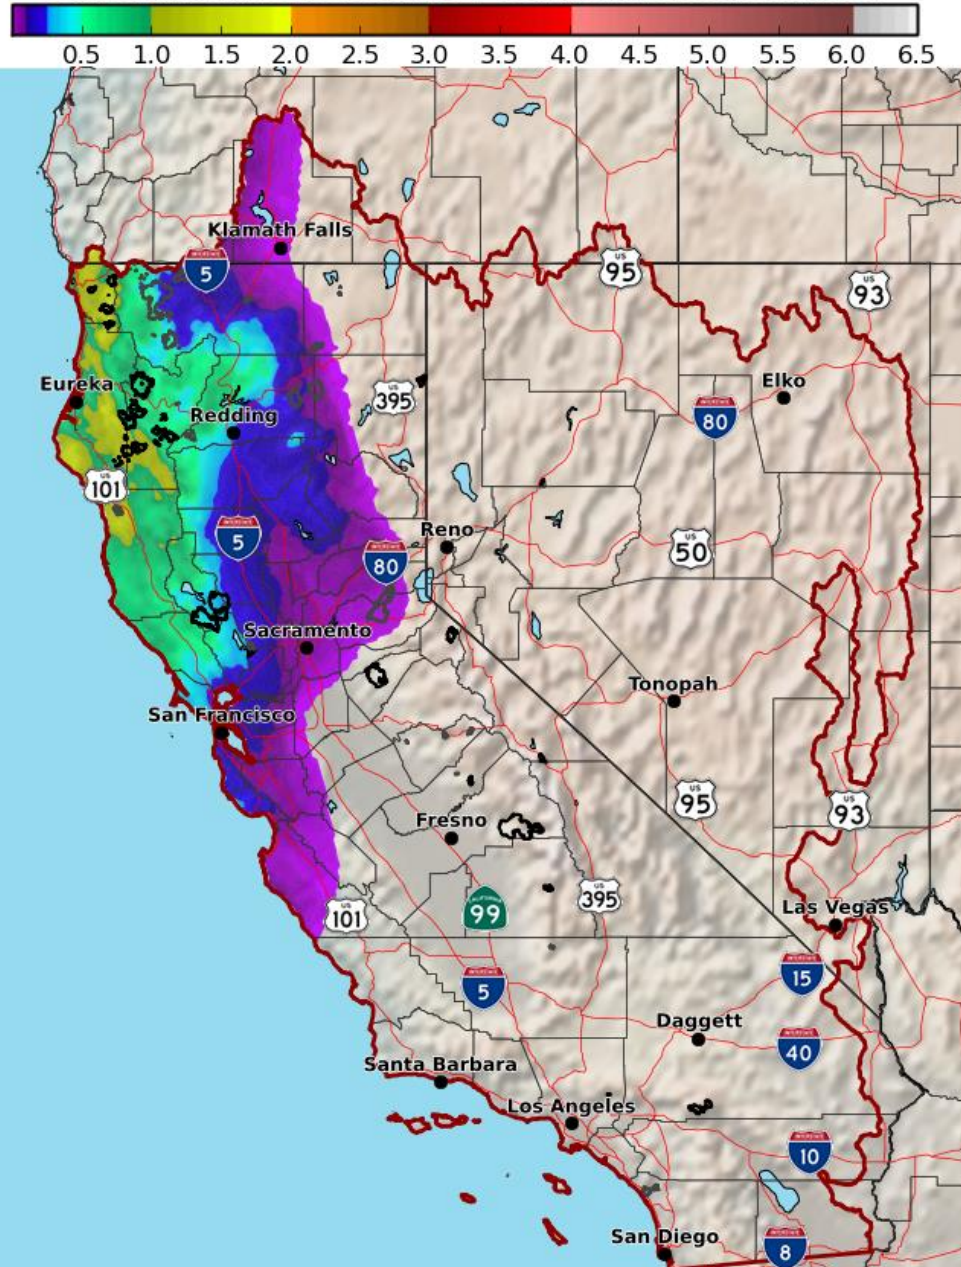

INLAND REGION

- Sacramento River at Tehama Bridge is currently above monitor stage (Tehama County)
- Sacramento River at Ord Ferry is currently above monitor stage (Glenn County)
- Sacramento River at Colusa Weir is currently above monitor stage (Colusa)
- Sacramento River at Colusa Bridge is currently above monitor stage (Colusa)
- Sacramento River at Tisdale Weir is currently above monitor stage (Sutter County)

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2016-LAW-20917, 01/19/16 1555 hrs:** San Francisco Police requested cadaver dogs to reach a residence and attached yard. The case is a search for a subject reported missing in 2013. Request referred to the OES Canine Coordinator for tasking and scheduling. **Mission On Going.**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
